Job Posting

Job Title	Certified Inpatient Addictions/Trauma Counselor
Status	Permanent/Full time
Category	Treatment Department
Location	Kuujjuaq, Northern Quebec

Function and Duties

Integrates the principles of alcohol and drug addictions treatment and the goals of treatment into a comprehensive inpatient treatment program. Client assessment, treatment, planning and implementation of program activities, group process, monitoring of clients and their progress. Maintain written records as deemed necessary per the Center's policies and practices.

As a member of the Isuarsivik Team, the Counselor will assist in the development and presentation of all program materials on issues related to the underlying causes of addictions, etc. Provide overall support to other team members at the center with respect to program delivery.

The Counselor will support the Clinical Supervisor in the coordination of the program's goals, activities and other management functions related to the delivery of the inpatient treatment program.

The Counselor must maintain a healthy lifestyle, observe the ethics appropriate to the alcohol and drug counseling profession and behave accordingly

Qualifications

University certificate from either a Social Service program or an addiction program or an undergraduate degree in the field of social work.

The candidate must be a certified addictions counsellor.

Two years' experience counseling Inuit/First Nations clients.

Five years' experience counseling clients with addictions issues (mainly alcohol and drugs).

Possess the ability to deliver lectures in a group setting.

VISION

Isuarsivik is a rich resource that Promotes Inuit pride, self-empowerment, spirituality and healing through loving, healthy, productive lifestyles in safe addiction free communities.

Requirements

Must have strong interpersonal skills and be comfortable working in an Indigenous setting.
Inuktitut is an asset, English required.
Valid driver's license and a security check must be provided
Professional references.

SALARY/BENEFITS

Salary is very competitive and based on Nunavik health and social services network. It will be determined depending on qualifications and experience.
Northern Benefits package include low rent fee for accommodation, premium for cost of living differential, allocation for cargo and travel benefits.
